## *Reporting Worksheets*

# Using These Worksheets

The Australian Pesticides and Veterinary Medicines Authority (APVMA) has issued a permit to Grain Producers Australia (GPA) for the supply of certain mouse baits containing 50 g/kg zinc phosphide (Permit PER90799).

These worksheets have been put together to assist in the user reporting requirements under this permit.

The products covered under the permit are:

- 4 Farmers Zinc Phosphide 50g/Kg Unsterilized Mouse Bait  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- 4 Farmers Zinc Phosphide Pellet  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- Final Feast 50  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- Last Supper Supreme 50 Zinc Phosphide Mouse Bait Pellets  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- Last Supper Supreme 50 Zinc Phosphide Mouse Bait  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- Mice Terminator 50  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- Mouseoff 50 Zinc Phosphide Bait  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- Pestmaster Zinc Phosphide Mouse Killer Pellets  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- SureFire 50 Zinc Phosphide Mouse Bait Pellets  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.
- SureFire 50 Zinc Phosphide Mouse Bait  
Containing: 50 g/kg Zinc Phosphide as the only active constituent.

The permit requires that users of these products be authorised or licenced under the relevant state or territory poisons control for Schedule 7 Poisons.

Authorised users are required to keep records of intended use and actual use, and to report these in the GPA Training system.

The following pages are designed to help users capture information prior to entering it into the GPA Training system.

## Bait Purchase Requirement

## Page 1

<b>Authorised Person Name</b>	
<b>Authorisation No (APCUP; ChemCard; AQF3, or equivalent)</b>	
<b>Expiry Date</b>	

You will need to enter the following information into the GPA Training system before you go to buy bait. After you have entered the data, the information will be printed on your certificate, so that the retailer is able to comply with the requirements of Permit PER90799.
